

### **Stacked Storage System**

Being both versatile and functional, the Stacked Storage System consists of storage modules that can be arranged on the floor or wall; use them as anything from bookshelves over room dividers to side tables. This multi-functional, clean Scandinavian design works in a setting you could ever imagine. White, light grey and dark grey cubes: Every side is cut out of MDF, then assembled, glued together and painted with three layers of PU lacquer. Ash cubes: Every side is cut out of MDF with ash veneer, then assembled and glued together. The modules should always be connected with Stacked Clips or be wall-mounted.

*Brand:* **MUUTO**

*Item type:* Storage System Module

*Item code:* 15637

*Designer:* Julien De Smedt
