

Framed

Made from powder coated steel frames with colored mirror glass, the Framed Mirrors is a gently artistic interpretation of the classic mirror. Though still functioning as reflecting glass, the colors, shapes and its ability to be arranged in groups gives the mirror a distinct character. The design comes in two sizes and three colors. A steel plate is worked through three rounds to shape the mirror's frame. The surface is then powder lacquered using a highly durable acrylic lacquer. Lastly, mirror glass is gently installed, to create the little gap between the mirror's frame and mirror glass.
