

Outline Lounge Chair

The Outline Chair is a modern addition to any home or professional space. Surprisingly spacious with a refined expression, the design can be upholstered in textile or leather for a luxurious finish. Furthermore, the Outline Chair also comes in a studio version, taking the original design and translating it into a slimmed-down design to accommodate the compact dimensions of contemporary, modern homes. Upholstered with foam before chosen textile or leather is mounted. All cushions are hand sewn and filled with a combination of feather and granulated cold foam. Wood and steel construction. Powder coated aluminum legs. All textiles from Kvadrat or Arve. Leather from Camo Leathers.
