

A.I.

Kartell continues its ongoing commitment to sustainability with eco-friendly products which are part of the broader project expressed by the industrial manifesto Kartell loves the planet. A.I. is the chair created for the first time ever using 100% recycled material, in which aesthetics and structural requirements remain unaltered, blending seamlessly with generative design.

Brand: **KARTELL**

Item type: Armchair

Item code: 5886/GR
