

Fiber Armchair Swivel Base

The streamlined swivel base and curved shell of the Fiber Armchair makes it ideal for the working space at home or in the office. With a textural yet sleek body, the Fiber Armchair combines innovative design with Scandinavian values through the integration of wood fibres in the chair's base. Shell consists of an innovative composition with plastic and up to 25% wood fibers. The wood fiber and plastic blend is injected into the mold, forming the chair's shell. The shell's inside is then upholstered with foam and fabric. The fabric is glued to the shell's surfaces and stapled using a pipe on the edges. Swivel piece is die casted aluminum. Swivel foot is casted in one piece.

<i>Brand:</i>	MUUTO
<i>Item type:</i>	Swivel Armchair
<i>Item code:</i>	70155
<i>Designer:</i>	Iskos-Berlin
