

Drusa

Just as light hits the crystals poking out from a rock's crevices, creating an ever-changing, poetic and multiform kaleidoscope, Drusa's contemporary take on accentuated angles is softly muted by a central light source, bringing depth and harmony between illumination and shape. Available in both ceiling/applique and suspension versions, Drusa's diamond feel and chromatic shading makes any space feel fresh and on-trend. The Velvet version's printed Lentiflex® makes every iridescent, silky piece unique.
