

### **Greene**

Greene armchair is defined by gentle curves for a relaxed and casual proposal: a structured yet soft perimeter welcomes ample cushions while standing on slender feet, restating once again the attention toward every small detail. Seat, armrests and backrests cushions in prewashed and sterilized goose down, stitched into separate compartments, with performed polyurethane foam insert. Floor support secured by adjustable black PVC feet. Cushions and structure upholstery in fabric or leather; the fabric version only is fully removable by zippers and Velcro fastenings. Seat depth 64cm.
