

Compobinili 2

The modular elements were designed to meet different needs and to fit perfectly into every room in the home. The design solution behind the Componibili modular system is the basic and solid vertical overlapping of the individual pieces which are simply interlocked to create practical storage units. Available in both round and square versions, the elements in the Componibili system can be placed on castors. Flexible, functional, practical, Componibili, created in 1967, are a timeless furnishing classic.

Brand: **KARTELL**
Item type: 2 Element Drawer
Item code: 4966/20
Designer: Anna Castelli Ferrieri
Color: Violet
Dimension: Ø32 x 40 cm
